Spectators in Sydney, Australia were awed by the spectacle of the 2000 Summer Olympics, but TV spectators in United States were obviously less interested, causing this summer's Olympic ratings to be some of the lowest of any Summer or Winter Games since 1968. Despite poor ratings, the U.S. swept the games with the highest number of gold medals, 39, and 97 medals overall. Russia took second with 32 gold and 88 overall, and China ranked third with 28 gold and 59 overall.

Homecoming gets dressed up

In an effort to do something different, the Booster Club decided to have the Football Homecoming dance the night after the night of the game, instead of the same night. The reasons for these changes were Booster Club members wanted to make the dance more formal and longer than usual.

At first, the club wanted the dance to be semi- formal, but then decided against it. Instead, the dance was advertised as being casual to dressy. Also, the dance time was increased from one and a half hours to four hours.

National Honor Society and Varsity"H" Club again co-sponsored "Winter Dreams," the annual semi-formal dance. The cafeteria was decorated with snowflakes in colors of silver and blue.

Freshmen

What was the hardest part about transferring from the middle school to HHS?

"The fact that I might not fit in. I might get beat up, or no one would like me."

Jamey Hnatiuk

"Getting used to the block scheduling and changing different lunch periods. It seems only yesterday that we where in the 8th grade, the top dogs. Now we are at the bottom slowly climbing to the top."

Jason Anderson

"Not knowing what you're going to face, and who you will meet, and the most important thing is how much harder the school work is going to be.The middle school teachers said that it's going to be much tougher, and that the teacher will just give you an assignment and say that you have to do it without knowing how."
